

CLAVERACK REC, INC.

MISSION STATEMENT

Claverack Rural Electric Cooperative, Inc. is a member-oriented non-profit electric utility dedicated to providing safe and reliable energy and other valuable services to those we serve.

Core Values

- We believe in people working honestly and ethically together for the benefit of the cooperative, members, employees, and community.**
- We believe in a responsible fiscal management consistent with cooperative principles.**
- We believe that the non-profit cooperative method is not only a sound business model, but because it puts people above profit, it is a highly ethical one.**
- We believe in the value of education for all those who serve the membership.**
- We believe in innovative thinking to solve the technological and environmental concerns of the future.**
- We believe that the cooperative exists wholly for the benefit of our member-owners and their communities.**
- We believe in promoting and establishing a safe, professional, and respectful environment for our employees.**
- We believe that an informed membership is an understanding membership and the cooperative will seek to openly communicate and exchange information with each member.**
- We believe in enhancing the rural way of life.**
- We believe in promoting safety awareness and education to our members and their communities.**
